- Site Acceptance Tests (SAT)
- Logistics
- Installation and commissioning
- Factory and on-site training
- Operation and maintenance support
- After-sales services
- Complete turn-key solutions

## PHILIPS TECHNOLOGY

The acquisition of the Philips Technology in 1993 through Canadian Marconi allows **Navigation Aeronav International (NAI)** to support the life cycle of more than 500 Nav aids bases worldwide. In addition to installing them, NAI provides on-site support, factory repairs, maintenance and retrofit kits for the below systems.

System	Philips	Canadian Marconi
ILS	PHL 7002	CMC 7801
	PHL 7404	CMC 7404
	PHL 7801	
VOR	RN 100	
	PHL 7503	CMC 7503
	PHL 8303	CMC 8303
DVOR	PHL 7504	CMC 7504
	PHL 8304	CMC 8304
DME	PHL 731	
	PHL 7604	
VOT	PHL 7606	CMC 8800
